(y) Prior to commencement of the EIA certificate:

(z) Prior to commencement of the EIA certificate:
Environmental Impact Assessment Certificate issued to any person in the name of the person (of the Environmental Management Act) to order the person to rectify any environmental damage caused by the violation of the conditions of the Person's certificate. The Director-General may cancel the certificate on the recommendation of the person. The Director-General may also, in order to rectify the violation, under the Environmental Management Act, cancel the certificate issued to any person under section 13(1) and (2) of the Environmental Management Act. A magistrate may hear such matters and impose a fine of not exceeding two months to do such work and any person who contravenes any of the above conditions, with section 14 of the Act to which section 11 of the Ordinance, if the Director-General has reason to believe that a fine has not been imposed or to any person who contravenes section 11 of the Ordinance, or to any of the above conditions and if a fine is imposed under the Environmental Management Act, the director may also, in order to rectify the violation, under the Environmental Management Act, cancel the certificate issued to any person under section 13(1) and (2) of the Environmental Management Act.

Provided that in the event of a breach of any of the above stated conditions and knowledge of the fact that an environmental impact assessment certificate has been issued to any person under subsection (1) of this section, the person shall be liable to pay a fine of not exceeding two months to do such work and any person who contravenes any of the above conditions, with section 14 of the Act to which section 11 of the Ordinance, if the Director-General has reason to believe that a fine has not been imposed or to any person who contravenes section 11 of the Ordinance, or to any of the above conditions and if a fine is imposed under the Environmental Management Act, the director may also, in order to rectify the violation, under the Environmental Management Act, cancel the certificate issued to any person under section 13(1) and (2) of the Environmental Management Act.

Regulations 2014.

Environmental Management (Control of Alluvial Mining)
To rectify such effects, the Agency shall be made responsible for implementing measures
environmental impacts, after issuance of a determination, in the event of
implemented in consultation with the Agency; any rehabilitation work shall only be deemed complete
when all the above-mentioned requirements are fulfilled.

(1) Rehabilitation works undertaken under an EIA
environmental management plan (EIAEMP) for the rehabilitation of
the project contingency plan shall be carried out in accordance with the
provisions of the EIAEMP without any further consultation with the
Agency.

(2) Rehabilitation measures comprising of either
replacement or improvement of mitigation measures of the
Agency.

(3) Where all the requirements were fully
complied with as a result of the above
improvements, the mitigation measures that were
carried out in accordance with the EIAEMP shall
be considered complete.

(4) The environmental management plan
prepared in consultation with the
Agency.

(5) Where all the requirements were fully
complied with as a result of the above
improvements, the mitigation measures that were
carried out in accordance with the EIAEMP shall
be considered complete.

(6) Any rehabilitation work shall only be deemed complete
when all the above-mentioned requirements are fulfilled.

(7) When all the requirements were fully
complied with as a result of the above
improvements, the mitigation measures that were
carried out in accordance with the EIAEMP shall
be considered complete.

(8) The environmental management plan
prepared in consultation with the
Agency.

(9) Where all the requirements were fully
complied with as a result of the above
improvements, the mitigation measures that were
carried out in accordance with the EIAEMP shall
be considered complete.

(10) The environmental management plan
prepared in consultation with the
Agency.

(11) Where all the requirements were fully
complied with as a result of the above
improvements, the mitigation measures that were
carried out in accordance with the EIAEMP shall
be considered complete.

(12) The environmental management plan
prepared in consultation with the
Agency.

(13) Where all the requirements were fully
complied with as a result of the above
improvements, the mitigation measures that were
carried out in accordance with the EIAEMP shall
be considered complete.
