

Do not start veld fires.

- Form fire fighting teams at farm, village and ward level.
- Put out all veld fires.

Construct standard fireguards which are at least 9 metres wide around your property and farm.

- Fireguards can be constructed using tractors and hoes.
- Fireguards must be regularly maintained and be free of any inflammable material.

Do not burn grass.

- You can make money from grass.
- Cut all grass for hay baling, broom grass and thatch grass for sale.

...to protect your environment, life and property.
